Address: Department of General Services, 1 Conners Blvd., Albany New York 12206

DEC Permits: DEC #4-0101-171/11 Solid Waste Management Facility permit modification, 401 Water Quality Certification, Freshwater Wetlands

Project description and location: Albany Landfill Eastern Expansion. Proposed expansion consisting of a 23 acre overfill coupled with a 15 acre lateral expansion of the Albany Landfill located in the City of Albany at Rapp Road. After Lead Agency Coordination under the State Environmental Quality Review Act the Department has assumed lead agency and issued a Positive Declaration requiring an Environmental Impact Statement to be prepared. The Department has scheduled a public scoping session for Wednesday February 21, 2007 at 7:00PM to provide an opportunity for the public to submit comments on the scope of issues to be covered in the Supplemental Environmental Impact Statement to be prepared on this project. The location of this scoping session will be at the Polish Community Center located at the corner of Rapp Road and Washington Ave in the City of Albany. Written comments may be submitted by mail, fax or e-mail. The draft scope may be viewed at the Department's office listed below, the Albany Public Library, Colonie Town Library and online at www.capitalregionlandfill.com.
