Re: DEC Permit #4-4-0101-00171/00011  
Rapp Road Landfill Facility  
City of Albany, Albany County

Dear Commissioner D'Antonio:

The permits which you applied for are enclosed. Please read them carefully and note the special conditions that are included. The permits are valid for only those activities expressly authorized therein. It is essential that all work conform to this approval in order to remain in compliance with this permit and applicable regulations and laws.

Should you object to the permit as issued and are unable to resolve such objections with this office, you may, within 30 calendar days of this transmittal, send a written request for a hearing to this office addressed to the Regional Permit Administrator.

The number listed above applies to this permit and needs to be referenced on all correspondence related to this permit and any future applications for permits associated with this facility or project.

If you have any questions on the extent of the work authorized or your obligations under the permit, please feel free to contact me at 357-2069.

Sincerely,

William J. Clarke  
Regional Permit Administrator  
Region 4
